

Grégoire RIBORDY

CEO, id Quantique, Switzerland

Here is a short resume:

Grégoire RIBORDY, CEO, id Quantique, Switzerland Mr. Gregoire Ribordy, co-founder and Chief Executive Officer, has over 10 years of experience in various R&D and management roles in the field of optical measurements and communication systems. He founded id Quantique in 2001 and has managed the company since then. Prior to this, he was a research fellow at the Group of Applied Physics of the University of Geneva between 1997 and 2001. In this position, he actively developed quantum cryptography technology. Between 1995 and 1996, Mr. Ribordy worked for one year in the R&D division of Nikon Corp. in Tokyo.

Mr. Ribordy is the recipient of several awards such as the 2001 New Entrepreneurs in Technology and Science prize, the 2002 de Vigier award and the Swiss Society for Optics and Microscopy 1999 prize. At the end of 2005, he was selected, along with id Quantique's cofounder Olivier Guinnard, as one of the most innovative individuals in information technology worldwide by the World Technology Network.
